

CSS mix-blend-mode

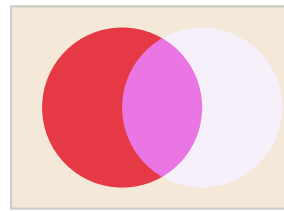

Each pair of overlapping circles blends via a genuine PDF blend mode (ExtGState /BM, ISO 32000-1 §11.3.5) - real compositing math, not an approximation. (docs/html-css-support.md#filters-and-blend-modes)

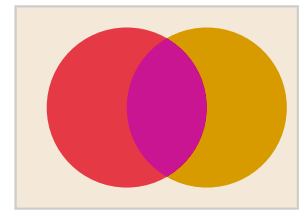

normal (baseline)
mix-blend-mode: normal

multiply
mix-blend-mode: multiply

screen
mix-blend-mode: screen

difference
mix-blend-mode: difference
