

One row, several pages

The right-hand cell holds more than a page of text, so the row continues onto the next page. The left-hand cell finished on the first one, so none of its content is drawn again - the cells of a row are fragmented independently. Its box still continues with the row, which is why its tint runs the full depth of every continuation.

Note	Clause
Finishes on the first page.	clause1 clause2 clause3 clause4
